

# Keyword Query

The following is a novel method used to help me better understand your:

- Characteristics
- Likes
- Subjects you are interested in studying
- Abilities or Strengths
- Passions
- Interests
- Preferred work environment

This query consists of “questions” where you are either being asked to choose one of two items in a pair, or to simply check the box if it matches you.

It should take you no more than 30 minutes total. It is not necessary to answer every “question”, but the more you answer, the more accurate your match will be.

These answers will be used to refine your career matches by supplementing the information you have provided through your initial interview (or student input form for non-interactive) plus the two personality tests you have taken.

Some of the items will overlap the personality tests but this is by design.

This is in a fillable .pdf format, so after downloading this form you may either *left click* on the appropriate boxes to check them (or uncheck them) then save this, or print it out and fill in the boxes using a pen then scan it, then e-mail this to me at:

[gippgreg@sbcglobal.net](mailto:gippgreg@sbcglobal.net)

Alternately you may take photos of your form using your phone & text these to me.

Thank you for your willingness to let me serve you in this way by helping you find a career that you will love!
